

NEW PARTY BORN BUT NO NAME HAS YET BEEN CHOSEN

Seek to Make Platform Satisfactory to LaFollette

DIFFERING VIEWS BRING UPROAR

CHICAGO, July 13.—Faced with retreating their platform to fit the candidate the resolutions committee of the new party struggled tonight to compromise divergent views into a statement of political principles satisfactory to Senator Robert M. LaFollette.

The senator wants to lead the "new party," Chairman Parley Christenson, told the delegates before they adjourned. The delegates had waited several hours to adopt a platform and to elect a leader when the announcement made it evident there was no hope of the platform committee reaching a decision tonight.

Earlier they had completed a draft of nine planks. It was on the consideration of these that the new party fused from the labor party committee of 48 and other minority groups, faced their first split and for a time the infant movement threatened to expire in heated argument.

Seek to Please LaFollette
An acceptable compromise was reported in sight when representatives of Senator LaFollette appeared before the resolutions committee to announce his acceptance of the nomination expected to be tendered to him would not be forthcoming until certain planks were rewritten. His objection, it was reported, were based on a plank which indorsed a league of nations, favored Russian and lifting of the Russian blockade and on another plank advocating nationalization of all essential industries and raw materials.

The convention marked time for hours while the conferees argued and then adjourned.

Jealousies Disturb
Early moments of the new party's life were fraught with menacing situations. The joint chairman of the labor party and the committee of 48 group battled hours to keep jealousies and distrusts of the rival groups submerged and the road open for the business.

Several times this afternoon a break appeared near. Peacemakers were called several times and by their appeals staved off at least temporarily a break.

While the convention dickered over the recognition extended its elements under the amalgamation of the platform committee completed a draft of nine planks. According to members of the platform committee the pet platform desires of several groups have been ignored.

After several hours' debate the convention recessed until 8 o'clock, Chicago time.

Conflicts in Prospect
Various planks covered are:
A soldiers' bonus and steeply graded income tax; Democratic control of industry by the workers; and public ownership and operation of public utilities and natural resources.

Reduction of the cost of living, one hundred per cent Americanism, increased production, promotion of agricultural prosperity and a bill of rights for labor. A bitter fight over several planks was predicted. The single taxers plank was not included as it was presented to the convention.

The international relations plank has been acceded by the forty-eighters but is directly contrary to the result of their referendum.

Besides advocating recognition of the Irish republic and soviet Russia the plank proposes lifting of the Russian blockade and refusal to fight Mexico at the behest of Wall Street.

Th question of representation came up as the platform committee entered and a debate followed that was characterized by pleas for unity.

Hard to Keep Order
The confusion grew until Joint Chairman Hopkins could not be heard: Max H. Hayes took charge and pounded the gavel steadily. Finally Duncan McDonald of Ill. asked that Parley Christenson be called. Christenson was received with cheers and quiet settled down.

Earlier in the session a motion made to cask the flow of oratory was voted down and Allen McCurdy, George L. Record and Dudley Field Malone, all leading forty-eighters, were called.

O. M. Thomas, a non-political leader from Minneapolis, addressed the delegates after which a motion that no further speaking be permitted was adopted.

DEPUTATION FROM WOMAN'S PARTY TO CONFER WITH COX

May Discuss League of Nations With President Wilson

LABOR LEADER CALLS ON GOVERNOR

COLUMBUS, O., July 13.—A deputation of the National Woman's party will confer with Governor Cox at 2 p. m. Friday afternoon prior to his departure for Washington, it was announced today. Miss Alice Paul, national chairman and other national officers are expected tomorrow. Women's party leaders also announced a similar deputation is expected to be received by Senator Harding in Marion, July 22.

According to Governor Cox the conference with President Wilson on Sunday is the only political conference he will have while in Washington.

Governor Cox would not predict what matters will be discussed. However, he intimated in Dayton last week he expected to confer with the president on the league of nations issue. The governor stated today he expected the date for his official notification to be fixed by the national committee at some time between August 1 and 10, and that it probably will be at his home, Trails End, at Dayton.

His attention being called to a statement by Senator Harding that his speech of acceptance would be short in order that everybody would read it, Governor Cox said: "I don't think that is the point. We have a platform that you can talk a lot about."

William Green, international secretary-treasurer of the United Mine Workers of America, was one of the governor's callers this afternoon. The governor said the call was to extend congratulations.

CRISIS APPEARING IN IRISH SITUATION

Trades Unions Congress Take Action—Want Irish Parliament Instituted.

LONDON, July 12.—What is tantamount to a threat of direct action to force the government to call a truce and withdraw troops from Ireland and institute an Irish parliament was voted at the trades union congress today when a resolution introduced by the miners' federation was adopted.

The effect of the vote according to James Henry Thomas, general secretary of the National should the government ignore the railway men's resolution it will become the duty of the congress committee to see that the miners' resolution is carried out.

WILL DISCUSS PLANS FOR COMING CAMPAIGN

Washington, D., July 13.—President Wilson will meet Governor Cox and Franklin D. Roosevelt, Democratic nominees here Sunday, for the first time since the San Francisco convention. The conference will be held to discuss plans for a vigorous campaign. It was arranged by Governor Cox, who called by telephone from Columbus to ascertain what day would be most suitable. The answer went forward speedily that Mr. Wilson would be delighted to see the governor and Mr. Roosevelt at 10:30 a. m., Sunday.

Party leaders declared there was no foundation for statements that the president and Governor Cox were far apart on the league of nations issue. The governor said it was, but that the governor desired to exchange views with the president on this and many other questions before beginning his speech of acceptance.

WASHINGTON WILL OBSERVE BASTILLE DAY

WASHINGTON, July 13.—Washington will pay honor to France tomorrow in commemoration of Bastille Day. Government buildings will display the French tri-color along with the American flag. President Wilson will send a message of congratulation to the President of France and Secretary Baker will place wreaths on the graves of French soldiers at the Arlington National cemetery.

Tonight General Pershing sent a message to Marshal Foch and the French army. Secretary Colby suggested that business houses throughout the country also display the French and American flags.

LONGSHOREMEN STRIKE

New York, July 12.—Legal proceedings to enjoin deep-sea longshoremen from handling of goods against the handling of goods carted by non-union trucks were threatened today by the law committee of the Citizens' Transportation Committee. One thousand longshoremen struck yesterday following refusal of the Oriental Navigation Co., to reject goods brought to its piers by non-union trucks.

JACK JOHNSON IS EXPECTED TO RETURN

Los Angeles, July 13.—Jack Johnson, former heavyweight champion and now a fugitive from United States justice at Tijuana, Mexico, is expected to return to the United States and surrender without conditions in a few days, according to United States District Attorney O'Connor.

Former English Soldier Killed
Belfast, July 12.—Lieut. John Stokes, who was discharged three weeks ago from the British army and appointed to organize the defense of police headquarters in Ireland, was killed during an attack on the Newport Barracks, in County Tipperary, today.

STATE WOULD PROVE COMMUNISTS AGREE WITH SOVIET PLANS

Lloyd Quoted as Urging Workers to Prepare for Revolution

RED FLAG SHOWN IN EVIDENCE

CHICAGO, July 13.—Statements and documents purporting to show affiliation with the third international and subscription to the soviet Moscow manifesto by the communist Labor party were introduced today in the trial of William Bross Lloyd and others charged with conspiracy to overthrow the government.

A statement by Max Bedacht of San Francisco, a defendant, alleged to show his connection with the communist party and his signature to a copy of the Moscow manifesto were identified by E. M. Allen, court reporter and state witness. Helen Ruth Ormsby, a Milwaukee newspaper reporter, brought with her the report of a speech said to have been made by Lloyd in Milwaukee a year ago.

Revolution of Workers
The speech compared the United States government to the Roman empire and advocated an organization and mobilization plan from the great revolution of workers.

A statement bearing what was said to be the signature of L. E. Katterfield, a defendant, was identified by A. J. Flynn, court reporter. It told of Katterfield's alleged activities as "national chairman and organization director" of the Communist party.

Among the state's exhibits was a red flag which witnesses said was waved at the Chicago convention of the communist party a year ago.

George F. R. Cummow, special agent of the department of justice, testified that when it was suggested the convention move to another hall that one delegate fearing police interference objected.

"We have been in jail before and can go there again," the other delegates stated the witness said.

CONSTRUCTION WORK ON NEW PRISON STOPPED

Convicts Returned to Cells in Prison on Account of the Large Number of Escapes in Last Few Weeks.

JOLIET, Ill., July 13.—Construction work on the new prison was stopped today and the gang of 350 convicts employed in the building operations returned to cells in the old prison as Warden E. J. Murphy, threatening to suspend every convict laborer if every state declared a crisis had been reached in the state's penal system.

The situation confronting the prison administration Warden Murphy said, is the lack of sufficient guard personnel, a condition brought about, he declared, because of the inadequate wage paid by the state. A force of 36 guards, including those hired to station on the new prison construction work and those necessary at the old prison, is the total guard strength available for maintaining the watch over more than 1,600 convicts.

Warden Murphy's action in withdrawing the convicts employed on construction work, at the new prison comes as the climax to more than 35 escapes in the last six weeks both from the new prison camp and from the state farm. Work in the quarry, immediately adjacent to the old prison, was suspended last week.

PARLIAMENT REJECTS UNIVERSAL SUFFRAGE

Tokio, July 13.—By The Associated Press.—Universal suffrage was defeated in the lower house of parliament today when a resolution providing for it, introduced by the opposition, was rejected by a vote of 155 to 283.

While the measure was being debated immense crowds assembled in near-by parks and held pro-suffrage demonstrations.

SEVEN PRISONERS ESCAPE FROM JAIL

Asheville, N. C., July 13.—Seven prisoners, all charged with serious crimes, escaped from the Buncombe county jail early today by sawing their way out of individual cells and then dropping, with the aid of blankets tied together from a third floor window where waiting automobiles carried them to freedom.

FUNERAL SERVICES HELD FOR BARON FISHER

London, July 13.—Funeral services were held in Westminster Abbey today for Baron Fisher of Kilverstone, admiral of the fleet, interment will be tomorrow at Kilverstone Hall, Norfolk.

KANSAS VISITED BY HEAVY RAIN FALL

Lawrence, Kas., July 13.—Six and ninety-two hundredths inches of rain fell here last night, the University of Kansas weather observer reported today.

Retired Admiral Dies in England
Southampton, England, July 13.—Rear Admiral H. T. B. Harris, U. S. N., died here last night. He lived here for several years.

Two Die in Fire
Los Angeles, July 13.—Two persons were burned to death and two others badly injured today in a fire which destroyed a two story tenement building.

Condensed Telegraphic News

(By The Associated Press)

SANTIAGO, Chile, July 13.—A despatch today from Tavna says that the revolutionists in Bolivia arrested President Guerra and his ministry.

CHICAGO, July 13.—The Waterbury Company of Chicago, manufacturers of pens and pencils, today completed sale of its adding machine business to the Remington Company of Ilion, New York, for a reported consideration of \$1,700,000.

DUBLIN, July 13.—A police motor was ambushed by an armed party tonight between Claghain and Dingle. Two constables were shot dead and the driver and District Inspector Fallon were dangerously wounded.

NEW YORK, July 13.—The Shamrock IV, challenger for the America's cup defender took a short spin today while the defender Resolute spent the day in drydock where workers removed tar and oil from her hull. Tomorrow the two rivals will have a final workout for the races which begin Thursday.

BERLIN, July 13.—An unknown man broke into Field Marshal Hindenburg's house today and fired at the field marshal. The bullet missed its mark and the man escaped.

LEGION WILL TRY TO FIND FORMER SOLDIER

Ask Stay of Sentence for Haensel That Leo Selsiek May Be Located—Allege He Threatened to Kill Haensel's Wife.

Springfield, Ill., July 13.—Efforts of the American Legion in Illinois were pledged to the assistance of state authorities in apprehending Leo Selsiek, former soldier and an acquaintance of Mrs. Arthur Haensel of Chicago, for whose murder her husband Arthur Haensel is now under sentence to hang. The help of the Legion was offered by Attorney P. R. Davis of Chicago, who appeared before the state board of pardons and paroles today to request that execution of sentence against Haensel be deferred until Selsiek is apprehended.

Davis argued that Selsiek might have been actuated by jealousy to kill the woman. He had threatened to kill her, she said, if she refused to marry him. She married Haensel, but left him on finding he suffered from a loathsome disease. Haensel was convicted of killing her when she declined to return to him.

Evidence introduced at the trial showed that Haensel wore civilian clothes on Feb. 4, 1919, the day his wife was killed, but that neighbors had seen a man in uniform leave Mrs. Haensel residence.

Hearing concluded in KVALE-VOLSTEAD SUIT
BENSON, Minn., July 13.—Hearing in the suit contesting the nomination of Rev. O. J. Kvale, who won over Representative Volstead in the Republican primaries was concluded today. Judge Albert Johnson, however, allowed counsel until Friday to present briefs and indicated he may hand down a decision next week.

After Mr. Volstead had reiterated he is not an atheist as charged in the primary campaign, Rev. Kvale took the stand. He said three factors entered into his classifying Mr. Volstead as an atheist. The first was the latter's alleged criticism of the minister's faith, second he asserted Volstead did not state the truth in an alleged statement that the Non-Partisan League was composed of Socialists and Anarchists and third he alleged the congressman used vile language.

COMMISSION APPROVES NEW LOANS TO RAILWAYS

Washington, July 13.—The interstate commerce commission certified to the secretary of the treasury today its approval of new loans to railways aggregating \$16,593,279 and bringing the total loans from the railway revolving fund to \$22,086,875.

Among loans approved were, Illinois Central, \$4,511,750, Chicago, Burlington & Quincy, \$4,446,523.

LIGHTNING SETS FIRE TO SCHOOL BUILDING

Mattoon, Ill., July 13.—The Hawthorne High School Building was destroyed by fire today when it was struck by lightning. The loss, estimated at \$75,000 is covered by insurance. Chief Weaver of the fire department, was slightly injured by falling slate. Trees were destroyed and telephonic communication impaired by the storm.

EIGHTEEN MEMBERS OF CREW ARRESTED

Toledo, July 13.—Eighteen members of the crew of the Steamer City of Toledo were arrested here today after it was reported that they caused the drowning of a negro chef, who was alleged to have committed a criminal assault on a 17 year old white youth.

AMERICAN OFFICER REPORTED KILLED

Trieste, July 12.—An American officer is reported to have been killed in the recent street fighting between Croats and Italians during a Jugo-Slav national demonstration at Spalato, Dalmatia. The other fatality reported in advices received here was an Italian.

TWO DIE IN FIRE

Los Angeles, July 13.—Two persons were burned to death and two others badly injured today in a fire which destroyed a two story tenement building.

DES MOINES, July 13.—Argonne Post, American Legion, adopted a resolution at its meeting last night asking the Iowa legislature to make compulsory the use of the English language as a medium of instruction in all schools in the state.

ROCKFORD, Ill., July 13.—Walter Walsh, 42, salesman for a Janesville, Wisconsin harness manufacturing company was instantly killed at Neenah, Wisconsin when the automobile in which he was driving was struck by a train. The car was dragged nearly a quarter of a mile.

MADISON, Wis., July 13.—J. B. Winslow, chief justice of the Wisconsin supreme court died today after a long illness. He had been on his bed in Wisconsin 37 years, 29 of which he had been a member of the supreme court.

LIMA, Peru, July 13.—Latest despatches from LaPaz, Bolivia concerning the revolution against the Guerra government are that all the Bolivian troops have recognized the newly formed government except the picked cavalry regiment known as the Abarow contingent, which is reported to be advancing toward LaPaz. The revolution apparently was brief.

MOTHER DREAMED THAT HER SON WAS HANGED

Wanderer's Mother Had Dream Six Years Ago—Was Found Dead Next Day—Two Murder Indictments Will Be Returned.

Chicago, July 13.—The mother of Carl Wanderer, who has confessed he murdered his wife and a stranger with whom he had arranged a fake robbery, dreamed six years ago her son was being hanged, Mrs. B. G. Roth, Wanderer's sister, said today.

"She told her family of the dream," said Mrs. Roth. "The next day we found mother dead in her room."

Two murder indictments against Wanderer probably will be returned tomorrow before Chief Justice Crowe in the criminal court. They were delayed to permit police to question Wanderer.

Rockford, Ill., July 13.—Carl Wanderer was in an officers' training school in France when hostilities ceased and was never decorated for bravery, according to First Lieutenant W. G. Craig of Camp Grant, a member of the 17th Machine Gun Battalion in which Wanderer served.

"When the battalion was in the Argonne, Wanderer was in an officers' candidates' school," Craig said. "He did not move down take part in the work in the German sector but it was quiet. Wanderer has never received a decoration."

Wanderer was described by fellow soldiers as a man of exemplary habits.

WOMEN REPORTED TO BE TAKING UP ARMS

WARSAW, July 13.—Women are reported to be taking up arms to defend Vilna, toward which Bolsheviks are driving. Word has been sent out by the Poles that Vilna must be held at all costs. Ministers in the hands of the Bolsheviks. Fierce fighting there continues. Hard fighting continues near Moledechno the Poles retreating with strenuous resistance.

Bolshevik losses says the Polish communists have been heavy south and east of Minsk. General Matkowski of the Bolshevik regular army is reported to have been captured near Rovno, where Polish lancers cut off several Bolshevik detachments.

Members of the Kosciusko aerial squadron composed mostly of Americans are using captured Gotha general aviation leader. The general had a narrow escape from the bombing while riding with his forces.

FARMER KILLED WHEN AUTO TURNS TURTLE

Rockford, Ill., July 13.—Attley Stock, 48 years old, a wealthy farmer near Stockton, was instantly killed this afternoon when an automobile in which he was driving turned turtle, pinning him underneath. Stock, together with his brother, was following a herd of cattle in the car. A steer broke away from the herd and the farmer gave chase.

On a sharp turn the car rolled over and the brother was killed. Internal injuries no marks appearing on his body at the coroner's inquest. His brother was uninjured.

COMMISSION WILL "ADMIT MINERS' EXHIBITS"

Seranton, Pa., July 13.—Admitting the public interest in the question of monopolistic control and profiteering and their vital importance to public welfare, the anthracite mine commission today it was without jurisdiction to admit exhibits offered by the mine workers tending to prove charges that the anthracite industry was being exploited at the expense of the employees and the public. Following the decision J. T. Dempsey and Thomas Kennedy district president of the miners union, presented additional evidence relative to wage rates of mine workers and increased cost of living in the anthracite fields.

ATTACK TEXT BOOK LAW

Chicago, Ill., July 13.—Constitutionality of the Illinois law regulating the price of school text books was attacked today by Scribner and Sons in a suit filed against the board of education of LeGrange, a suburb and Francis G. Blair, superintendent of public instruction.

HARDING PLEASED WILSON FORCED THE LEAGUE ISSUE

Says People Do Not Want to Mix in Old World Quarrels

NOTHING TO SAY ABOUT ARMENIA

Marion, Ohio, July 12.—Senator Harding charged in a statement tonight that President Wilson had forced the Democratic nominees to accept his view that the league of nations should become the dominant campaign issue. The president's one concern, he said, is the vindication of his foreign policy, and he insists on "his issue regardless of costs or consequences."

"The Republican party and candidates gladly accept the challenge," the statement said. "We are more than willing to make the election a national referendum on whether we shall have four years more of the Democratic readiness to surrender this republic."

The statement resulted from the announcement of Franklin D. Roosevelt, following his nomination yesterday with Governor Cox that his campaign would be made chiefly on the league issue. Referring to the Roosevelt announcement the statement said:

The Paramount Issue
"So we have complete proof that President Wilson has won and forced acceptance of his paramount issue. The party machinery has been taken over by the Tammanies of New York, New Jersey and Indiana, but president Wilson has forced his issue on them."

The Democratic campaign is going to harness the party to the administration policy of ratification without protection to American interests it continued.

"Should the Democrats win the league would be ratified and America would become a party to the twenty odd wars now going on in the world."

"European leaders have explained it is impossible for the league of nations to function effectively so long as the United States is not ratified."

THE ARMENIAN MANDATE

"All this cannot be done unless the league employs force. America would have to contribute its army and navy. President Wilson has urged acceptance of a mandate for Armenia, which the Harbord mission found would require us to employ a great army and pour out money by the hundreds of millions. Congress overwhelmingly refused and the country has sustained it so insistently that even the San Francisco convention did not dare endorse the mandate. Yet that mandate would hardly be more than an imitation of the many world flung conflicts into which America would be projected by ratification of the league without rigidly safeguarding reservations."

So that he could work on his speech of acceptance Senator Harding received no callers today. He did, however, confer briefly with Congressman Longworth of Cincinnati who, with Mrs. Longworth, spent the night at the Harding home.

DOUGHBOY AND POILU BROTHERS IN PEACE

NEW YORK, July 13.—The doughboy and Poilu will be brothers in peace as in war.

This pledge was sent tonight to Marshal Foch by Franklin D'Olier national commander of the American Legion to be delivered tomorrow on the anniversary of the ball of the Basile.

"Our regard is based on deeper sentiment than mere association in arms," he said. "America's youth came to France impressed with the story of your wonderful achievements. We discovered that the tales we had heard were outdone by the reality."

"Who among us can forget the stoic and terrible courage of the Poilu."

"We of the great war have known France and her fine soul. We have been blood brothers and we will be peace brothers."

COMMISSION WILL "ADMIT MINERS' EXHIBITS"

Seranton, Pa., July 13.—Admitting the public interest in the question of monopolistic control and profiteering and their vital importance to public welfare, the anthracite mine commission today it was without jurisdiction to admit exhibits offered by the mine workers tending to prove charges that the anthracite industry was being exploited at the expense of the employees and the public. Following the decision J. T. Dempsey and Thomas Kennedy district president of the miners union, presented additional evidence relative to wage rates of mine workers and increased cost of living in the anthracite fields.

ATTACK TEXT BOOK LAW

Chicago, Ill., July 13.—Constitutionality of the Illinois law regulating the price of school text books was attacked today by Scribner and Sons in a suit filed against the board of education of LeGrange, a suburb and Francis G. Blair, superintendent of public instruction.

INTERSTATE COMMERCE COMMISSION ISSUES 30 DAYS EXTENSION

Order Affects Open Top Cars East of the Mississippi

ASSIGN CARS WITHOUT REGARD TO RATINGS

WASHINGTON, July 13.—Extension for 30 days after July 21 of the order giving preferential distribution of open top cars to coal mines east of the Mississippi was ordered today by the interstate commerce commission in an effort to solve the coal problem. Amendment of the order also was made by the commission which in a letter to Daniel Willard, chairman of the advisory committee of the railway executives suggested that the carriers prohibit more than one re-assignment of cars loaded with coal.

Amendments provide:
The railroads must place an embargo against consignees failing to unload open top cars within 24 hours after delivery.

That railroads must assign cars without regard to ratings for the mines to provide fuel for current use to public utilities and public institutions.

Coal cars are defined not to include flat bottom gondolas with sides less than thirty-six inches high, or cars equipped with racks, or which on June 19 had been retired from the coal mines.

No especial attention was given to speeding up the coal movement to the northwest a letter to Mr. Willard explained. "We have not thought it proper to attempt to deal with this situation until attempt has been made by the coal operators and railroad presidents to solve the question."

The announcement came almost simultaneously with adjournment of the coal operators' conference which had been attempting to work out a plan to supply the northwest. The plan finally agreed on will be submitted to railway executives at New York tomorrow. It demands enforcement of existing priority orders in such manner as may be necessary to supply sufficient cars to run full time."

ASK FOR REHEARING IN MOTOR BUS CASE

Rockford Traction Companies Want Utility Commission to Reopen Case—Say They Have New Evidence.

Chicago, July 13.—A motion for a rehearing in the contest between the Fay Motor Bus company of Rockford and the traction companies of that city was taken under advisement today by the public utilities commission.

The petition was filed by counsel for the traction companies and asked that the hearing be reopened July 10 to present new evidence. It was charged that the bus company did not provide adequate service and that it competed unfairly with the traction companies. This was denied by an attorney for the bus company.

RAINBOW DIVISION IN FIRST REUNION

Birmingham, Ala., July 13.—Colonel M. M. Tinley of Iowa, 168th Infantry, Rainbow Division was chosen tonight by the nominating committee of the first reunion of veterans of that division to head the organization. He will be formally elected at the final business session tomorrow.

The veterans today heard an address by Senator Underwood of Alabama who urged them to become leaders in the fight against dangers which he declared were threatening. Asserting that the government had become "the football of the partisan and the desire of the plunderer," he pointed to transportation profiteering and anarchy as problems demanding attention.

Resolutions adopted pledged support to the government in the fight with radicalism and endorsed drafting of both capital and labor in case of war.

ATTENTION! ALL MEN OF A. E. F.

PARIS, July 13.—Eighty million bottles of champagne will be among the items on the lists of commodities to be placed on sale, when the sequestered property of Baron Walter de Mumm will be auctioned off. This property was seized in 1915, subsequent to the baron's resumption of German citizenship when the war began.

When General Ludendorff was making his furious drives toward Rheims and Epernay, the wine cellars were used as shelters for the troops, and the men were given much of the almost priceless wine with their meals. But much still remains.

CHICAGO TO HAVE LARGE CHURCH AUDITORIUM

Chicago, July 13.—A twenty story building containing a church auditorium will be erected in the site of the First Methodist Church at Clark and Washington streets as a part of the Centenary reconstruction program it was announced today. Six floors will be devoted to religious activities. Dedication has been set for May, 1922. Part of the building will be rented for offices.

MUNITION CAR EXPLODES

Lorient, France, July 13.—A freight car loaded with five tons of American munitions exploded today killing eight men.

GERMANS AND ALLIES DEADLOCK ON COAL QUESTION

Foch and Wilson to Discuss Enforcement Plans

The "thoroughbred" chassis does away with more than 100 parts. Lighter, stronger

CITY AND COUNTY

A. W. Vaughn of Carlinville was called to the city yesterday on business.

G. N. Redman of Barry was trading with local merchants yesterday.

C. E. Tuttle of Canton was a business caller in the city yesterday.

E. B. Christman of Merritt was a business caller in the city yesterday.

A. L. Weeks, of Arenzville, spent Tuesday in Jacksonville on business.

Mrs. George Hale of Youngstown, was the guest of her mother-in-law, Mrs. Ida Hale over Monday and Tuesday.

William Brown of Murrayville was among the callers in the city yesterday.

Mr. and Mrs. George Bates and son were among the representatives of Murrayville in Jacksonville yesterday.

Lora Seymour of Franklin was among the callers in Jacksonville Tuesday.

ADVISES BUILDING AT PRESENT COST

Expert Estimator Warns Against Delay in New Construction — Says Prices Will Not Drop for Decade.

(Iron Trade Review.) "My advice is to build, and build now, whether it be a modest cottage or an apartment house or a factory. High prices are here to stay for a decade anyway, and the longer we hold off building the more acute will be the demand and the higher prices will go."

This statement is made by George M. Seglin, expert estimator for the department of agriculture of the state of New York, writing in the current issue of the American Contractor. He comes to this conclusion after a careful analysis of the conditions that prevail in the building industry. The writer takes no stock in the prevalent idea that prices in the realty market have reached their peak and will soon come tumbling down.

"What with the depression in the building field just prior to our entrance into the war and the government's discouragement of private construction during the conflict so as to make possible its own intensive building program, the country is now just about 200 per cent behind the normal in the production of permanent construction," says Mr. Seglin. "and no possible drop in prices can be looked for until the shortage has been overcome and a surplus established."

Shortage to Continue. "If this nation made a superhuman effort and doubled its production each year," says Mr. Seglin, "it would take four years to overcome this shortage, and then what would we have? We would have just enough of a supply on hand to take care of our increased population. But this does not mean that the property owner would have to cut his legitimate profits to rent his property, for it is only when an over-supply is reached that the law of supply and demand steps in and causes a drop in prices."

"But this ideal condition of production is absolutely impossible, due to a number of reasons. For one thing we find that the various state, municipal and commercial needs will demand a big proportion of the available construction, leaving very little for home construction. In fact this need is so urgent that it is questionable whether there will be possible for some time to come any surplus home construction. While the most optimistic view would place the return to normal at four years the actual return will probably be nearer to six or seven years. By normal mean a sufficient supply to take care of the demand comfortably and a production ample to provide for the average increase."

Recession will be Slow. "Now then where shall we get the material with which to supply the normal demand? The signing of the armistice found the material marts stripped of all stock and the production of the material plants cut to a fraction their former capacity. With the removal of wartime restrictions these factories had to begin re-adjusting themselves. Now they have to face competition with other industries for the necessary raw materials and a shortage of man power. In the face of these conditions it will be six or seven years before the building material market can hope to begin the accumulation of a surplus and then, and only then, will there be

al recession in prices. Moreover, this recession will be gradual, as the surplus can only be acquired over a period of years. In other words I do not think we can see a real drop in price for at least eight or ten years."

A HARD EXPERIENCE. When S. T. Maddox was in the service his command was sent into Missouri to hunt down guerrillas and made the villagers skip about right lively but finally measles, in a violent form, broke out and the boys were far from a hospital or any haven of refuge. The faithful colored people were their only friends and to them the eighteen sufferers were committed. Knowing the guerrillas would be fiendish enough to attack them even if they were unable to defend themselves they had small-pox signs prepared and then the officers found a deserted house and in it placed the poor sufferers. The colored people did their best but it was a poor do for they had all they could do to live but they faithfully cared for the boys in blue while the well ones of the command went after help but before it arrived fourteen had died. The remaining four were made as comfortable as possible in ambulances and hauled a long distance to hospitals where they received good attention. It was an experience Mr. Maddox will never forget.

STORAGE BATTERY

The Battery That Meets Navy Requirements is—

WITH THE DREADNAUGHT PLATES

Bound to Make Good on Your Car

FIVE navies use Gould Storage Batteries for the same enduring qualities of Dreadnaught Plates that give power and long life to the Gould Starting Battery.

Hard plates, that hold the active material firmly, outlast soft plates, but only in the Dreadnaught Plates is this rugged hardness combined with high power delivery.

This durability is the result of direct control of all the factors of manufacturing—even to the production of the vitally important lead-oxide. Such care is found only in the Gould plant.

Have your next battery a Gould—there's one for your car. Meantime, get the most out of your present battery by using our expert Gould Service regularly.

ESTES FUNERAL HELD AT WINCHESTER TUESDAY

Remains of Harry Estes Laid to Rest Tuesday Morning—Earl Hornbeck Seriously Ill—Other Winchester Items

Winchester, July 13.—The funeral of the late Harry Estes was held at 9 o'clock Tuesday morning from St. Mark's Catholic church. Rev. Father Flynn of Murrayville having charge of the service. Music was furnished by the choir of the church. The pall bearers were: Albert Hainsworth, Jr., Raymond Funk, Ezell Cox, Frank Cowich, Wayne Fletcher. Interment was in the Catholic cemetery.

A coroner's inquest over the remains was held Tuesday morning at 9 o'clock at the office of Coroner Thomas Webster. The following composed the jury: Guy Paul, Robert Sperry, John Walsh, William Woodall, John Hackett and James Audell. The verdict was that the deceased came to his death as the result of being caught between freight cars of train No. 80, south bound. No blame attached to railroad or railroad employees.

R. E. Talkington returned to his home in Salem Tuesday after a visit with his sister, Mrs. Frank H. Trousdale.

Mrs. Effie McKean returned Tuesday to his home in Springfield.

Mrs. Alice Hastings of White Hall, who has been visiting at the home of her mother, Mrs. Thomas Richardson and other relatives, leaves Wednesday for Roodhouse and from there will go to Milo, Wyo., to visit his sister.

Friends here have received word from Mr. and Mrs. Bert Emrick of Peoria, formerly residents of Winchester, stating that their five year old daughter is improving after being severely burned on July 4th. The child's clothing caught fire and her arms and body were badly burned before the flames were extinguished.

Mrs. Grace Delaney and sister, Miss Millie Williams, returned Tuesday to their home in White Hall after a visit with their brother, Andrew Williams and family.

Earl Hornbeck is quite ill at his home northwest of town but was somewhat improved Tuesday.

Mrs. B. L. Conner and her daughter, Mrs. Wayne Churchill

FOREIGN WAR VETS HAVE ORGANIZED

Temporary Organization Effected Tuesday Night—Thirty-Two Have Signed Up

A number of men of 98 and of the recent war who are interested in the formation of a post of the Veterans of Foreign Wars met in the public library last evening and effected a temporary organization.

There are now thirty-two men who have seen service outside the United States signed up as charter members, seven new applications were received yesterday.

O. P. Fox elected temporary adjutant. It was estimated that there were 200 men in the county who are eligible for membership and from now until September an energetic effort will be made to get every man who has seen service in foreign countries into the organization.

It is that that there are not enough men in the county to form more than one post and that the post should be in Jacksonville.

Application blanks may be secured from any of the members of the post or by addressing O. P. Fox, 111 South West street.

A committee consisting of Marcus E. Smith, William Kitchner, and Homer Paschall, was appointed to make arrangements for a Morgan County Veterans Encampment at Nichols park during the chautauqua.

The plans of the committee will be published later. All the overseas men are urged to make their plans to attend and get together at this time. An effort will be made to have a representative of the committee which is collecting the war records of the county, and also a representative of the Red Cross present.

The temporary adjutant was instructed to write for the application blanks for the Victory medals and campaign bars for the World War and also for the war with Spain.

SEVENTY-FIVE MILLION COWS

The United States department of agriculture report of June 19th states there are 25,000,000 cows on farms, and in cities and villages in the United States.

Butter production has been lighter the first six months of the year than during the same period in 1919. The first week in July shows a slight increase over 1919, due to better pasture conditions. Prices on butter fat are higher than a year ago.

Receipts of poultry are considerably heavier than last year, but due to lighter storage stocks, there is a good demand for current requirements. Prices show but little change on fowls. Spring chickens are being marketed in increasing quantities each week, resulting in lower prices.

The quality of eggs delivered during the week shows care and attention in marketing.

The improved quality has been generally noticeable, and higher prices are being paid in the larger markets and producing territory.

Matrimonial

Baldwin-Large. Mrs. Riley Smith received word recently of the marriage of her niece, Miss Helen Eva Belle Large, to Walter Edgar Baldwin at Harbor City, Cal. The wedding was solemnized Sunday, June 27.

Mrs. Baldwin is a daughter of Mrs. Della A. Large, formerly of Jacksonville.

RAILROAD PRESIDENT DIES

Santa Barbara, Calif., July 13.—Frank Trumbull, president of the Chesapeake & Ohio railroad, died last night at his home here, of heart trouble.

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arceine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people

who don't know about this simple recipe to be constantly sniffing and snuffing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arceine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and sniff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

Deaths

Boylan.

William Boylan died at his home on South East street Tuesday morning at 7:10 o'clock. He has been ill for several weeks.

The deceased was born at Logansport, Ind., the son of John and Mary Boylan. He was a plumber by trade and was for many years a member of the firm of Landers, Keefe & Boylan and was later employed by the Jacksonville Plumbin Company.

Surviving are his widow and the following children: Frank of Astabula, Ohio; Laura of Grand Rapids, Mich.; Mae, Nellie, Theresa Dorothy and Joe at home. Also two sisters, Misses Nellie and Mary Boylan of this city.

Funeral services will be held at 9 o'clock at the Church of Our Savior Thursday morning with interment in Calvary cemetery.

STAR CAMP R. N. A. INITIATES CANDIDATES

Star Camp No. 171 R. N. A. held their regular meeting last evening. Three candidates were taken into membership, Charlotte Murphy, Ellen Galley and Cecile Newby. There were three applications for membership received.

The annual picnic of the camp will be held in Nichols park on July 21 and all the members are expected to attend.

C. M. Brainer of Hammond, Ind., who has been visiting in Jacksonville since Saturday with his wife and children at the home of Mr. and Mrs. J. H. Crim, 214 West College street, left Monday evening for Hammond, Ind.

SENATOR REED REFUSES TO DEBATE ON LEAGUE

Kansas City, Mo., July 13.—Senator James A. Reed tonight replied to a challenge of C. M. Hay of St. Louis, a Democratic candidate for senator, issued at Springfield, Mo., today for a joint debate on the league of nations, refusing to participate.

Reed charged Hay with refusal to answer questions relative to the league of nations which he addressed to senatorial candidates from Missouri last night.

ALLIED CHIEFS TO MEET AT SPA

Paris, July 13.—The allied chiefs will meet at Spa Wednesday to examine the situation says a Havas despatch. Marshal Poch will be present. Apart from the coal situation, German experts proposed to the mixed reparations commission that the allies provide a subvention of 3,000,400,000 marks gold for Germany's food supply during the first year of the treaty.

JAPS ENTER PROTEST

Washington, July 12.—Japanese in the United States and Hawaii are said in official despatches today to be making vigorous protest against applications of recently promulgated laws relative to military obligations of foreign resident Japanese. The new laws raised the military exemption question.

The number of Japanese in the United States was estimated recently as 125,000. Of that number it is estimated 30,000 are liable for military service.

RETELL STORY OF SECOND KING WILL

Chicago, July 13.—The alleged discovery of the disputed second will of James C. King, millionaire Chicagoan, was retold in the circuit court by Gaston B. Gaston, chief witness for Mrs. Mary Melvin, who is endeavoring to have the document probated. Means declared he found the will in August, 1915, while rummaging thru a tin box belonging to Mrs. King.

WOMAN STRUCK BY TRAIN

Cedar Rapids, Iowa, July 13.—While taking a short cut down the tracks to her home late this afternoon, Mrs. Lawrence Alberts, 53, was struck and probably fatally injured by a fast Chicago & North-western passenger train. She saw the train coming, became confused and stepped directly into the path of the locomotive. Both legs were crushed by the engine and she was thrown to the ground so forcibly that her skull and several ribs were fractured.

"GOLD BRICK" SWINDLE COMES OUT AGAIN

New York, July 13.—The ancient "gold brick" swindle came to the front again here today when Morris Rosenberg was arrested on a Philadelphia warrant charging him with selling "gold nuggets", made of brass while posing as a western prospector.

BUBONIC PLAGUE CASE IN FLORIDA

Pensacola, Fla., July 13.—Another case of bubonic plague has developed health authorities today announced.

FARM WORK PROGRESS IN GREENE COUNTY

Good Showing Made in County's Farm Operations the Past Week—Hatfield Child Buried Tuesday—Other White Hall Notes.

White Hall, July 13.—The week ending today has been favorable for most vigorous crop development, and all kinds of farm work have made good progress. The temperature has averaged moderate, the highest being 88 degrees and the lowest 54, and there were two showers that totaled 0.62 inch, as follows: 0.29 on the 8th and 0.33 on the 10th.

Wheat cutting is finished and threshing began this week. The condition of 60, as previously reported, is an ample estimate for

this section. In the reclaimed areas in the Illinois river valley, wheat conditions are normal and even better. The uplands are showing little better than half a normal crop, placing the general condition at 60. The wheat cutting operations drove armies of chinch bugs into the corn. The bug menace is most pronounced along the eastern border of Greene county and around along the southern line. All sections of the county have suffered with irregularity.

Corn is excellent, except in patches where late planting failed to germinate on account of dryness, and where there has been chinch bug damage. Most of the corn is laid by.

Oats are now being cut. The condition varies from excellent to very poor, because of the unfavorable season for seeding.

Ground that has gone to waste could at this time be devoted to sunflower growing to very good advantage. Early this spring this article prepared an article on sunflower culture that at the time was taboed by W. S. Corsa, president of the Greene County Farmers' Institute and a committeeman of the Greene County Farm Bureau, with the result that the sunflower propaganda failed to reach the light of publication until the offering at this time. Mr. Corsa stated at the time of the preparation of the article as something of local value that sunflower culture was all right in Nebraska, where he had devoted some attention to it, and also in other western states. Now Mr. Corsa grants the article his fullest endorsement, saying that ground made waste by chinch bug and other causes at this time could be very profitably devoted to sunflower culture. An article on this subject appeared in a number of The Harvester World, Harvester Building, Chicago, to which address an in-

quiry will receive prompt attention.

The remains of the little daughter of Mr. and Mrs. Albert Hatfield, aged two and one half years, were brought here from Rock Island and taken to the home of the deceased's aunt, Mrs. Herbert Dugger. The child died Friday at the home in Rock Island from a complication growing out of influenza. The family formerly resided here, but for the past few years Mr. Hatfield has been on the Burlington run between St. Louis and Rock Island as flagman, residing at Rock Island. Funeral services were held in the First Baptist church at 2:30 p. m., Tuesday, and the burial was in Fernwood cemetery at Roodhouse.

Mr. and Mrs. O. A. Morrow have returned to White Hall after a residence of fifteen years at Pittsburgh, Pa., where he has been connected with the U. S. Bureau of Mines. Their household goods arrived Saturday and they are getting settled in their home on Carrollton street. Their daughter, Miss Mildred, has been employed as an instructor in the White Hall high school.

Work of Rev. E. C. Lucas Praised
Rev. E. C. Lucas gets most favorable mention in connection with the platform management of the chautauqua at River Falls, Wis., last week. The Times says: "Rev. Edgar C. Lucas of White Hall, Ill., was the platform manager here this year, and proved himself the best ever as a tactful, forceful and entertaining manager of high order that pleased the people. His introductions were unique masterpieces of oratory and humor, and did not fail to put the audience in a happy frame of receptivity for the different programs of the week. For seven years he has been engaged in chautauqua work, and is admirably adapted as a platform manager."

Aged Man Injured.

John Berry Eperson, aged 65 years, was taken to a Jacksonville hospital this afternoon with a broken leg, broken foot, breast and back injuries as the result of being crushed by falling clay in the mine supplying the Ruckel pottery, the accident occurring at 10 o'clock this morning while in the pursuit of duty. He is in a critical condition. A few years ago he was injured in a like manner while working in the clay mines of the White Hall Sewer Pipe and Stove Co.

Gilbert Deolster and Thomas Releford, employed in the construction department of the Central Illinois Public Service Co., were injured at Macomb this morning by the auto truck in which they were riding colliding with a train. First aid was given, but later reports show that both escaped with little more than serious injury.

Social Events

Strawn's Crossing Club Met
With Mrs. Edward Phillips Tuesday afternoon. There was a large attendance of members and several guests. Among the guests was Mrs. J. H. Dunavan of Dixon.

An interesting program was carried out. Miss Anna McDonald read a paper on "Woman's Right in Illinois." A paper "The Story of Woman's Suffrage," was given by Mrs. Edward Sturgeon. The members responded to roll call by naming a famous suffragist.

Following the program some time was spent socially and refreshments were served. The next meeting will be held July 27, with Mrs. C. M. Coons.

Birthday Party for Wilma Bernadine Moses.
Wilma Bernadine Moses celebrated her eighth birthday yesterday afternoon at the home of her grandparents, Mr. and Mrs. E. C. Moses, on North Fayette street.

The decorations were pink and white and the refreshments too were pink and white.

Ruth Vasconcellos won the prize in the bean race and Dolores Hoffman was given the consolation prize.

Those present were Jane Mosley, Ruth Vasconcellos, Anna Margaret Vannier, Eva Green, Mary Benson, Margaret Benson, Hazel Ruy, Louise Hagel, Iva Dell Henderson, Mabel Chapple, Florence Arte, Silva Jackson, Melva Moses, Dolores Hoffman, Maxine Smith and Bernadine Moses.

INCREASED RATES FOR NEWSPAPERS

The publications of Jacksonville are now paying Uncle Sam several hundred dollars a month more for carrying their papers to out of town subscribers. The new rate is based on the amount of advertising carried and not on the amount of reading matter, and is graded by zones.

The increase by zones is: Zones one and two, 1-4 cent a pound; zone three, 1-2 cent a pound; zone four, 1 cent a pound; zone five, 1-4 cent a pound; zone six, 1-2 cent a pound; zone seven, 2 cents a pound; and zone eight, 2-1-4 a pound.

PURCHASED PROPERTY.
James Mahon, of 125 Pine street has purchased the property at 130 Pine street from Homer Ranson and expects to bring his sisters Misses Mary, Elizabeth and Ellen Mahon of Sinclair here to live some time in October.

Miss Fannie Smith and Miss Amanda Smith returned to their home 315 West College avenue yesterday from Los Angeles, Calif.

'OO LATE TO CLASSIFY

BARGAIN—Level improved 160 acre farm, no better in Illinois, near markets, worth \$225; quick sale \$182, easy terms, allow commission. Write owner, Box 54, Hull, Ill.

ROAD LEVELER TO BE SHOWN TODAY

New Tool for Road Work Will Be Manufactured at Illinois Steel Bridge Company Plant.

Today beginning at 12:30 o'clock the Miller road leveler will be used on the North Main street road. Work will be begun near the Mauvaisters bridge and continue north for a stretch of two and a half miles to the residence of Charles S. Black.

The Miller leveler is manufactured by the Illinois Steel Bridge Co. for Mr. Miller, the patentee. Mr. Miller has associated with him LeRoy Craig and several other Jacksonville men in a company which will manufacture and push the sale of this road improvement implement.

Yesterday afternoon some demonstration work was done on streets in the vicinity of the Steel Bridge Co. plant and with excellent results. The leveler is in three sections and in the test yesterday was pulled by a tractor owned by Richard Day. The sections are operated with levers and can be slanted in accordance with the grade of the street in order to get the best results.

The leveler is heavy in construction and is so built that it leaves the surface of the roadway in smooth condition, leveling off the rough places in a very remarkable way.

Commissioners Shafer of Arenzville and Snyder of Berlin were among those who inspected the work yesterday and found it very satisfactory.

TRAINING CHILDREN

Mrs. Gertrude Richardson and Miss Marie Mayer have been busy training the children of the mothers in Circle No. 2 of the Pastor's Aid society of the First Baptist church, for a program which they the church this afternoon. The program which is of a patriotic nature is as follows:

March.

Song, "America."

Welcome—Frances Hardesty.

"Flags of the Allied Nations," an exercise by five boys: Howard Bussey, LeRoy Ashby, Frederick Harris, Ralph Erbin and Stanley Ashby.

Piano solo—Hazel Fuller.

Flag drill—Twelve children.

Piano solo—Elizabeth Hardesty.

Playlet—"Making the First Flag," with the following characters: Betsy Ross, Hazel Fuller; Mrs. Green, Taisy Tairick; Mrs. Hall, Elizabeth Hardesty; George Washington, George Ashby; John Adams, LeRoy Ashby; Robert Morris, Frederick Harris.

Song, "My Flag and Your Flag."

March.

CAMPING AT OAK LODGE

Mrs. Joseph Jackson and daughter, Helen, Miss Helen Leach, Mrs. A. E. Curry and daughter, Jacquelin, are spending the week camping at Oak Lodge on Lake Mantanza.

DEATH OF JOE COATES CAME TUESDAY MORNING

Aged Resident of Morgan County Passed Away as Result of Paralytic Stroke at Home Near Orleans—Funeral Services Thursday Afternoon.

The death of Joe Coates, one of the oldest residents of Morgan county, occurred Tuesday morning at 4:20 o'clock at his home north of Orleans. The deceased had been in failing health for an extended period but his death was unexpected as he was feeling as well as usual Monday and his final illness covered only a few moments' time. On Dec. 13, 1919, Mr. Coates suffered a paralytic stroke which affected his right side, and on April 15 of the present year came a lighter stroke. His death was due to a third attack of paralysis.

The deceased was born in York-shire, England, on Nov. 23, 1836, and was thus past eighty-three years of age. He was the son of Jonathan and Ann Robinson Coates.

When a young man twenty-two years of age, Mr. Coates came to the United States and for a time was employed by his brother, Car-bullus Coates, in Scott county. Later he rented a farm and operated it for a number of years with such success that he was able to accumulate enough to buy a farm of 160 acres. This tract was located in the Pisgah neighborhood and there Mr. Coates resided for about twenty years. He then purchased a number of acres known as the Smedley farm north of Orleans and made his home there the remainder of his life, about thirty-two years being spent at this farm home.

Mr. Coates was a man of strong and upright character and was known as one of the county's most substantial citizens. He devoted himself chiefly to the raising and handling of livestock and was for years one of the largest dealers in this line in this part of the state. From time to time he added to his real estate holdings and at the time of his death owned more than 600 acres of land in this county.

The deceased was never married. He is survived by the following nephews and nieces: Prince and Robert Coates living in Scott county; Mrs. J. B. Moody, Chapin; Mrs. Rosa Schofield, Jacksonville; Miss Rebecca Coates of Scott county. There are also a number of nephew and nieces and other relatives living in England. Mr. Coates was one of ten children, all of whom preceded him in death.

Funeral services will be held at 2:30 o'clock tomorrow afternoon from the home north of Orleans. Interment will be in Diamond Grove cemetery.

Miss Alma Deterding of Concord made the city a call yesterday.

The Studebaker Garage

Still have some good used cars at reasonable prices. Most all of these cars have been put in A-1 shape and are real bargains for anyone wanting a good used car.

We also have a good used TRACTOR. The price is right, and anyone considering buying a tractor should not fail to look over this one.

We unloaded a car load of Havoline Oil last Tuesday, part of which we now have in our store room. 5 gallon cans to full barrels. All grades, light, medium, heavy and special tractor oil. Here is your chance to buy your oil at prices you can't beat any where.

Stop in. Give us a call.

WHEAT CROP IS VERY PROMISING

Grain is Turning Out Better Than Expected—One Sample Tested 64 Pounds to the Bushel—Marketing the Problem.

Some years the wheat crop in Morgan county doesn't come up to expectations and when the threshing work begins the yield is not as heavy as previously indicated. This year the contrary holds true. In what threshing has been done the yield has exceeded the expectations and the quality of the grain is above normal. Because of the early rain and the heavy growth of the wheat plants, there were many farmers who felt that the fields at threshing time would show a very heavy weight of straw and a less amount of grain than the surface indications would suggest.

Now it is a very gratifying thing to find that the returns are better than anticipated. Walter Rice told yesterday of his observation of a number of fields where he said there were fifty to sixty grains of wheat in a head, whereas he has found in times past he had found the average to be not more than thirty-five.

Henry Perbix, Chapin farmer and grain man, has recently threshed out wheat that weighed 64 pounds to the bushel. Wheat weighing 50 to 60 pounds is accepted as No. 2 wheat and it has been rare indeed in the past when the grain has threshed and weighed out better than No. 2. Two years ago there was some wheat that graded No. 1 but most of it was on a weight basis of 61 lbs. With a better yield of wheat than looked for and with the quality much above the average, farmers have reason for their feeling of gratification. The one present troublesome thing about the wheat crop is that of getting it into elevators. Grain men are loath to make heavy purchases because of the uncertainty as to train movement.

F. J. Blackburn of the Blackburn-Houston Grain Co., has recently been telling farmers that his firm is not able to bid as high a price as the market suggests simply because of the uncertainty as to cars. If a plentiful supply of cars cannot be secured, elevators cannot take care of wheat as rapidly as it is offered.

It is estimated that the elevators of Morgan county can store less than half the Morgan county crop. This means that unless grain cars are available that farmers must either stack their wheat or it must be placed in storage by the farmers. This condition is not local and the farm papers are urging farmers to get their bins ready for storage on the farms, because those who have investigated see no possible way for the securing of enough cars to take care of the grain as rapidly as it is threshed and ready for shipment.

In fact, some of the farm papers are urging the storage of grain on the farms not only because of the acknowledged shortage of cars but for the further reason that they believe that the market demand will be strengthened if the grain goes into the terminals by degrees instead of all being rushed at one time.

ROAD DISTRICT CASE IN CIRCUIT COURT

Objections to New District Indicated in Case Now Pending.

One of the suits now pending in the circuit court in which no finding can be made until the November term of court is the quo warranto proceeding which concerns road district No. 17, recently constituted by action of the county board in the eastern part of Morgan county. The quo warranto proceeding was brought by Wilson & Butler on relation of Carl E. Robinson, state's attorney, on petition of F. F. Kaiser, E. J. Kume and John Snyder.

It was set forth in the petition that R. S. Hamilton as commissioner and Clark Stevenson, as clerk are now wrongfully serving as such officials in district No. 17, and it is set forth that such district was not legally constituted by the county board.

Messrs. Hamilton and Stevenson, by their attorney, J. O. Priest, replied by filing a demurrer in which it was maintained that Messrs. Kaiser, Kume and Snyder are not residents of road district No. 17 and that they were not within their rights in the filing of the quo warranto petition.

As indicated, the hearing will not be until the November term. It will be remembered that acting upon the petition of a number of property owners that a part of road district No. 8 was detached from the district and made into a new district No. 17. It is this action of the county board which the quo warranto proceedings attacked.

JACKSON IS ALSO IN JAIL

Arch Jackson, colored, was taken to the county jail yesterday, when he failed to provide bond in Justice Dyer's court. Last Friday he and Earl Carey got in a cutting scrape and as a result Jackson went to the hospital and Carey went to jail to await the action of the grand jury. He is charged with assault with a deadly weapon, and when he failed to provide bond he joined Carey at the county jail.

ATTENDED SISTER'S FUNERAL

Samuel Harris has returned from East St. Louis, where he was summoned to attend the funeral of his sister, Mrs. Eliza Arnold, who died as the result of a Fourth of July accident. Mrs. Arnold was seated in a group of women near a fireworks station established in connection with the Fourth of July celebration. An automatic revolver was accidentally discharged and the bullet struck her in such a way that death followed the next day.

JACOB SCHERZER DIED AFTER MANY YEARS

Father of Dr. Jane Sherzer Past Ninety Years of Age When Final Summons Came.

Many Jacksonville people are friends of Dr. Jane Sherzer, now of Washington, D. C., and for years at the head of Jacksonville Female academy here. They will be interested in knowing, therefore, the facts concerning the recent death of Dr. Sherzer's father, Jacob Sherzer, of Franklin, Ohio. The following paragraphs concerning Mr. Sherzer's death were taken from the Franklin, (Ohio) Chronicle, a copy of which was received by Miss Elie Trubue of this city, long an intimate friend of Dr. Sherzer. The paper said:

"In the passing of Jacob Sherzer, at his home on Third street, last Friday afternoon, Franklin bids farewell to one of its most rugged characters. Mr. Sherzer had spent almost all of his life in this community and was esteemed and respected by his friends and neighbors. He had reached the advanced age of ninety-two years and until the very end the light of his intellect burned brightly. He was a man of great determination and a clear thinker. He possessed the courage of his convictions and was fearless in expressing and defending his convictions. A veteran of two wars, his patriotism was thoroughly founded and he loved America and her institutions. His life was an open book in which the record was plainly written for he never evaded an important issue and he never dodged a duty. His character was strong and fearless and in his home and in his shop he was always a gentleman."

"During his closing years he was blessed with the devoted care and companionship of two faithful daughters who kept the home fires burning and saw to his comfort. His two sons and the other daughter, who had been spared to him in his old age, added to his joy of living and he knew the great satisfaction of well-reared and loving children. "For several weeks he had been confined to his home as the time drew near for his departure upon the Great Adventure. During those days he was visited by many old friends who found him cheerful and unafraid as the sunset shadows lengthened."

Jacob W. Sherzer was born in Lebanon, Ohio, January 7, 1828. He came to Franklin in 1846, and engaged in the harness making trade with A. D. Reeder until 1847, when he enlisted in the United States army and went to Mexico. He was absent one year and on his return worked for Mr. Reeder until 1855. He then took a four years' trip to California prospecting for gold. On his return to Franklin he formed a partnership with Mr. Reeder. He then formed a partnership with Wooley, Hill & Gerry, which lasted three years, when he bought them out and has transacted business alone since. He was married in the fall of 1857 to Mary H., daughter of William and Julia Ferman. They had three children, Jennie E., William H., and George E. His wife died in 1885, and he again married in 1888 to Hanna Pugh. They had four children: Mary E., Job, Effie and Ann. Mr. Sherzer served as a member of the council for a number of terms with honor to himself and to those who chose him for office. He performed all the duties assigned to him with rigid honesty of purpose. In public offices, in the army of his country he had given of the best that was in him.

"He possessed a remarkable memory, was a great reader, and kept himself informed upon all national and local issues. "The funeral was held from the late home last Monday afternoon at 3 o'clock, the services being conducted by Rev. D. Earl McKinney, pastor of the Presbyterian church. Burial was made in Woodhill cemetery and the G. A. R. ritualistic burial service was read at the grave by his comrades of John Kell Post."

Mr. and Mrs. James Summers of Kansas, Mrs. Horace Forman and son, Dan, and Miss Hortense Witt, of Carrollton, were guests yesterday of Miss Lucy Ball on Caldwell street.

Mrs. J. A. Worster of Beards town spent Tuesday shopping with Jacksonville merchants.

RABBIT ASSOCIATION HELD A MEETING

A meeting of the Morgan County Rabbit Breeder's association was held last evening at the home of Mrs. Meek, 146 Howe street, at which were present 32 members.

Refreshments were served by Mrs. Meek, Turner and Weber, which, needless to say, were enjoyed by all.

The meeting was called primarily for the purpose of making arrangements for the annual fall rabbit show. It was decided to hold the same in conjunction with the Morgan County poultry show, which is to be held from Dec. 14th to 18th inclusive, the place to be announced later.

Unusually extensive plans are being formulated with regard to both the poultry show and the rabbit show this year and there will be many more entries from out of the city than there was last year. Judges of wide reputation are to be employed, which will naturally attract a large number of entries from the surrounding territory.

One novel feature of the joint rabbit and poultry show will be that rabbit meat sandwiches will be served by the ladies each day during the show. This will give the Jacksonville people an opportunity to learn how very palatable rabbit meat is.

FROM THE SUNNY SOUTH

J. T. Wright, wife and daughter of Mobile, Alabama, arrived in the city yesterday in their automobile enroute to New York whence they expect to return and seek the Rocky Mountains of Colorado for the remainder of the summer. Mr. Wright is president of the Rotary club of his city, head of a boys' school and a prominent citizen.

PARK BOARD HELD REGULAR MEETING

Number of Matters Given Attention—Nichols Park Will Be Closed After Lights are Turned Off.

At the regular meeting of the park board held Tuesday evening action was taken on a number of projects that will give park patrons better accommodations.

In Central park seats will be set aside in each of the four quarters of the park for the exclusive use of ladies. The seats on the south side will be reserved exclusively for street car patrons. The monument association was asked to modify the plans so as to give more space to the walks circling the monument.

Thursday morning members of the board in company with Mayor Crabtree, Alderman Chapin and Engineer Henderson will visit Mauvisterre lake and inspect the land surrounding the lake which will also be used for park purposes.

There has been some complaint about the drives in Nichols park. These drives have been fixed as far as possible and the board believes there will be little cause for complaint in the future.

It also had been brought to the attention of the board that some criticism had been made of some of the dancing in the pavilion. This has been stopped so that there will be nothing to offend in the future.

The board decided to place gates at both the main entrances on the Vandavia road and the park will be closed hereafter after the lights are turned out.

Mrs. H. C. Ettinger of Springfield, was the guest yesterday of Mrs. E. C. Caldwell of West College avenue. Mrs. Ettinger is interested in antiques and was in the city looking at the collection belonging to Mrs. Henry English.

Guinane.

Kathryn Burns was born in Chicago February 22, 1878; died July 9, 1920, at Mercy hospital, Chicago.

On April 18, 1911, she was married to James Guinane of Chicago, where she had since made her home. She leaves two sisters, Mrs. Charles O'Malley and Mrs. Peter Guinane; also one brother, John Burns, all of Chicago. Her mother, father and two sisters preceded her in death. The funeral will be held Monday at the Church of Visitation and burial will be in Mt. Olivet cemetery.

Mrs. Guinane was devoted to her home and was noted for her kindness and consideration for everyone. She took an active interest in club life and the progressive movements of her town and her hospitality was unlimited. She leaves a host of friends, who had grown to love her kindly, generous spirit. Her husband and relatives have the sympathy of the entire community in their bereavement.

VALUABLE PROPERTY FOR SALE

Thursday, July 15th, at 2:00 o'clock P. M., the Cynthia Green property on the northwest corner of Westminster street and West College avenue, will be sold at auction on the premises. For full information address Homer Cully, 806 West College avenue.

ents, Mr. and Mrs. Thomas Beeley.

Mrs. William Moss spent the week end at her home near New Salem.

George Turnham and family moved Monday to the Morris McLain residence in the southeast part of town. Henry Swisher and family will move this week to the place just vacated by Mr. Turnham, they having purchased the same.

Mrs. Will Buescher of Jacksonville arrived Monday to visit her parents, Mr. and Mrs. Henry Althorn.

L. F. Berger and wife, George Unland and wife and son Harold, Fred Payne, Mrs. G. F. Williams motored to Jacksonville Sunday to visit Mr. and Mrs. J. G. Berger.

Mr. and Mrs. W. J. Hale visited relatives in Chapin Sunday.

Mrs. Mary Setney, daughter Margaret, Mr. and Mrs. Sam Kuhlman spent Sunday at the home of Henry Duwendack east of here.

Frank Todd of Jacksonville was a business visitor here Monday.

Miss Vera Hale is spending the week with Rev. William Hailey and family at Berry.

Mrs. Eveline Mayes was a week end visitor in Bluffs.

Miss Ethel Tinnen of Hersman spent the week end with Mr. and Mrs. T. W. Burdick.

A daughter was born to Mr. and Mrs. Roy Floyd Sunday.

George Shinnabarger and family spent Sunday in Naples.

Mrs. John Edley and sons Luciano and Howard are spending the week with Mr. and Mrs. Otis Webster, near Clayton.

John Edlen left Sunday for a week's business trip to Peoria.

Mr. and Mrs. G. A. Bennett spent Sunday at the parental home of Mrs. Bennett in Jacksonville.

Mr. and Mrs. F. J. Unland and children, Alleane and Hubert, motored to Beardstown Sunday to visit Will Unland and family.

Mr. and Mrs. J. C. Kratz and son Oren motored to Oquawka Tuesday to visit Mr. and Mrs. Royal Kratz.

Mrs. J. D. McLain returned Friday from a visit with her son Morris and family at Dallas City.

J. G. Berger and wife of Jacksonville were visitors here Monday.

W. R. Coultas of Jacksonville spent Friday at the home of his daughter, Mrs. G. A. Bennett.

James Mayes, wife and daughter Frances motored to Jacksonville Monday and were accompanied home by the former's son Ernest, who recently was operated on for appendicitis, and recovered sufficiently to return home.

NOTICE! O. E. S. WILBUR CHAPTER, and ROYAL ARCH MASONS

All Royal Arch Masons and their families and members of Wilbur Chapter 358 O. E. S., and their families are cordially invited by Jacksonville Chapter No. 3 R. A. M. to attend an entertainment in Masonic Hall Wednesday evening, July 14, at eight o'clock.

W. P. Spillman, E. H. P. John R. Phillips, Secy.

ANNUAL BURGEOO AT DUBBIN AUGUST 4TH

Plans Now Being Made for Annual Burgoo Picnic—Standard Bearers to Meet Friday—Other Durbin News.

Durbin, July 12.—The annual Burgoo picnic will be held Wednesday, August 4.

There will be a social at the church Wednesday afternoon in honor of Mrs. Keenan of Bismarck, who is visiting friends here.

Mrs. J. B. McGready and grandson, Joseph McGready, of Barrington, is visiting her daughter, Mrs. Clarence Hawker.

Miss Gertrude Lashmet will entertain the Standard Bearers Friday evening.

Mr. and Mrs. J. H. Rawlings, Wayne Rawlings and little daughter, and Roy Sorrell of Jacksonville spent Sunday with Mr. and Mrs. S. Darley.

Mrs. Thursby of Franklin is visiting Mrs. T. B. Smith.

Mrs. Eliza Rawlings is spending a few days with friends in Jacksonville.

Guinane.

Kathryn Burns was born in Chicago February 22, 1878; died July 9, 1920, at Mercy hospital, Chicago.

On April 18, 1911, she was married to James Guinane of Chicago, where she had since made her home. She leaves two sisters, Mrs. Charles O'Malley and Mrs. Peter Guinane; also one brother, John Burns, all of Chicago. Her mother, father and two sisters preceded her in death. The funeral will be held Monday at the Church of Visitation and burial will be in Mt. Olivet cemetery.

Mrs. Guinane was devoted to her home and was noted for her kindness and consideration for everyone. She took an active interest in club life and the progressive movements of her town and her hospitality was unlimited. She leaves a host of friends, who had grown to love her kindly, generous spirit. Her husband and relatives have the sympathy of the entire community in their bereavement.

HUGH GREEN.

I hereby announce myself a candidate for State's Attorney of Morgan county, subject to the decision of the Republican primary, September 15, 1920.

CARL E. ROBINSON.

Nuxated Iron Will Increase Strength of Delicate People In Two Weeks Time

So many instances says City Physician persons have suffered for years without knowing what made them feel tired, listless and run-down when they were really strong and becoming tired. Next take two boxes of iron in the blood—how to tell.

If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied a multitude of dangerous symptoms disappear. Without iron the blood at once loses the power to change food into living tissue and therefore nothing you eat does you good; you don't get the strength out of it. Your food merely passes through your system like corn through a mill with the rollers so wide apart that the mill can't grind. As a result of this continuous blood and nerve starvation, people become generally weakened, nervous and run down and frequently develop all sorts of conditions. One is too thin; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble; some can't sleep at night, others are sleepy and tired day; some are fussy and irritable; some skinny and bloodless, but all lack physical power and endurance. In such cases, it is worse than foolishness to take stimulating medicines or narcotic drugs, which only whip up your flagging vital powers for the moment, maybe at the expense of your life later on. No matter what any one tells you, if you are not strong and well you owe it to yourself to make the following test: See how long you can walk without stopping. Then take two boxes of Nuxated Iron and walk without stopping for two weeks. The test your strength again and see for yourself how much you have gained. You can rule as you please about all the wonders wrought by new remedies, but when you come down to hard facts there is nothing like good old iron to put color in your cheeks and good sound, healthy flesh on your bones. It is also a great nerve and stomach strengthener and one of the best blood builders in the world. The only trouble was that the old forms of inorganic iron like tincture of iron, iron acetate, etc., often ruined people's teeth, upset their stomachs and were not assimilated and for these reasons they frequently did more harm than good. But with the discovery of the newer forms of organic iron all this has been overcome. Nuxated Iron, for example, is pleasant to take, does not injure the teeth and is almost immediately beneficial.

Nuxated Iron is not a secret remedy but one which is well known to druggists everywhere. Unlike the old iron tonics it does not make the mouth black, does not upset the stomach, does not cause constipation and does not injure the teeth. It is a safe, successful and entirely satisfactory remedy to every person who is weak, nervous, run-down or who needs vital powers for the moment, maybe at the expense of your life later on. No matter what any one tells you, if you are not strong and well you owe it to yourself to make the following test: See how long you can walk without stopping. Then take two boxes of Nuxated Iron and walk without stopping for two weeks. The test your strength again and see for yourself how much you have gained. A Newspaper Man Asks Information About Gasoline Prices

"WHAT are the reasons for the advance in gasoline prices?" was asked by the President of a large daily newspaper.

Continuing, the gentleman said: "I can conceive how the cost of a manufactured article might increase as much as 50 to 100 percent because of the increased cost of raw materials, labor, etc.; but it has always seemed to me that the price of a product taken from the ground at a comparatively low cost should not be affected to any marked degree."

This constitutes a fair question, and we are glad of an opportunity to answer it frankly.

Gasoline is refined from crude petroleum by a lengthy and expensive process, and is, in the truest sense, a manufactured article. Time, labor, and heavy investments enter into the manufacture of gasoline from the crude, and each of these necessarily affect the price.

The cost of crude is a dominant factor in fixing the price of gasoline.

The extraordinary demand for petroleum products, plus the abnormal increases in the cost of labor, machinery, and money necessary for drilling and equipping oil wells, have combined to force upwards the price of crude oil from \$1.54 to \$4.30 per barrel in four years, nearly 180 percent.

For the same period the selling price of gasoline has increased but 44 percent.

Since the Armistice was signed, the production of automobiles, tractors, trucks, and other power using machinery, has created a demand for gasoline far in excess of normal. Gasoline reserves have been reduced to an alarming extent, and the bidding for crude oil on the part of refiners generally, has forced prices upward.

The Standard Oil Company (Indiana) having practically no wells of its own is obliged to go into the open market and compete with other refiners for the crude oil it requires.

Because of its acknowledged superior efficiency in manufacturing, the Standard Oil Company (Indiana) despite these conditions has been able to exert a marked deterrent pressure upon the upward sweep of the gasoline market.

JOHN ASPLUND IS HONORED CITIZEN

Well Known Resident of Little Indian Has Had Long and Honorable Career—Is Native of Sweden and Came Here Many Years Ago.

Living in the village of Little Indian and conducting a successful general store is John Asplund, a sample of the persons who have come to this country to add materially to its wealth and prosperity.

Mr. Asplund was born in Lindes, Socken, Norike, Sweden Sept. 29, 1844. His father's name was Eric Ericson Asplund and his mother's maiden name was Maria Granberg. His father died when the son was nine years old. The family lived on a small rented farm and hard enough was the struggle for existence.

They had a horse, a cow and a hen which Mr. Asplund says he remembers for the way she scratched his mother's spinach. The family bread was made of ground oats not sifted, hard as a stone eaten after being dipped in water and supplied with a little salt and even of this there was not always enough to satisfy the hunger of the family.

Clothing was made of a poor grade of flax, homespun and so coarse they were a torture to the tender bodies of children. The beds were of loose straw covered with sheets while the covering of the sleepers were rag carpets, sheepskins and the like.

The home was a house of hewn logs, rather comfortable, with two large windows and two stories, high four rooms and a vestibule leading out to the porch on which the family used to sit in the summer time. The scenery about the home was typical of Sweden, romantic and interesting but the hard working family had little time to enjoy it. Even in that country they had dugouts, one being occupied by a family near the Asplunds. Another house near by they called "Badstuga" as in the center of it was a large oven used for baking and for drying and flax. It was also used for Turkish baths for those whose systems were out of order and it was said that after taking one some of the bathers would go out and roll in the snow.

When he was quite small his mother married again and his stepfather worked hard to make a living but was unfortunate and they moved to another place and it was that the boy saw a church for the first time.

Hultaterp was the name of the new home, the house had but two rooms and the roof was of sod. They had a hard time indeed till one day the owner of the place called and learning of their poor circumstances he befriended them liberally and they prospered.

When the boy was eight years

Mrs. J. M. Craig, of Los Angeles, Calif., who says no one can feel more grateful for what Tanlac has done than she does. Declares she has gained twelve pounds and her health is now better than in years.

"Of all the people who have taken Tanlac, I don't believe there is anyone who feels any more grateful than I do," was the statement made recently by Mrs. J. M. Craig, of 674 1/2 East Fortieth street, Los Angeles.

"Like so many other families during the influenza epidemic last year we all had it, and my own illness, together with the worry over the rest of our family, brought on a case of genuine nervous prostration.

"I was so weak I couldn't even sweep the floor, and during the day I would have to lie down four or five times. I tried to walk but found out half a block was all I could stand before I gave out. Nervous spells came on me often. Every medicine I tried failed to reach my case until finally my husband urged me to try Tanlac, and I am indeed thankful that he did, for it proved to be just what I needed.

"The first two bottles didn't seem to help me, I guess that was because I was so extremely bad off, but on the third bottle I could tell I was improving and that gave me more hopes than ever of getting well.

"My improvement from then on was rapid and by the time I had taken five bottles of Tanlac I was better and stronger than I had been in years. I was sleeping soundly at night and had gained twelve pounds in weight.

"That was several months ago and from then until now I have been in as good health as I ever was in my life and have been doing all the housework by myself.

"It is simply remarkable how Tanlac has built me up and I have told everyone of my friends and relatives what a wonderful medicine it is."

Tanlac is sold in Jacksonville by Coover & Shreve and by the leading drug store in every town.

Adv.

old he was put to tending sheep and had to watch constantly as wolves were numerous, but with a big horn and noisy cricket trap he kept the wolves away and lost but two sheep in four years.

When he was twelve he began to work with tools and made a chair which he sold for five dollars. When he was 18 he went to learn blacksmithing, wagon making and cabinet making and the experience thus gained has stood him well for the comfortable brick house he occupies he built entirely and is now constructing a brick addition to his store and expects to rent it for a garage.

Social conditions were bad in those days. Dancing and card playing were the popular amusements, while drunkenness and fighting were common. The boy had been raised better by his mother who taught her children to pray and to do right. She told them the story of the Babe of Bethlehem and of Easter which were always interesting.

Drunkenness prevailed to a great extent and many farmers had stills of their own and made a bad quality of liquor. The boy had hard work to keep himself free from this vice but he did so. His stepfather was not wholly temperate nor was he a drunkard on the other hand. There were laws against private distillation and often the plant would be hidden in the woods and all sorts of subterfuges were resorted to to make the drink.

Pastimes were few and sports meager. Fishing, swimming, skating, coasting and rowing formed the principal bill as the abundant waters, hills and valleys made them possible. A sort of ball game was played. It consisted of holes in the ground, any number of players supplied with sticks and the game was to drive the ball into the holes.

Christmas was a bright spot in the year. For it preparations were begun some time before the date and kept up till the glad day. With salted barley a drink was made, not intoxicating and quite palatable. Brewing and baking were carried on till a good stock of eatables and drinkable was accumulated. The Christmas eve was long; the sun set at 2:30 p. m., and rose some time after nine in mid-winter. The Christmas eve supper was good and the children had all the presents that could be afforded.

Christmas morning they rose at 3 o'clock and went to church. Think of it! They had a long way to go and services didn't begin till 5. The program was staid and solemn. The churches were dimly lighted and were not warmed. The rest of the day was devoted to amusement as was the day following. New Year's day was also celebrated much the same as Christmas with church services and the like while the 13th day after Christmas was devoted to celebrating the visit of the wise men from the East to Bethlehem. Parties were made up in the several neighborhoods which would take a large star and go from house to house dressed supposedly as the people in Holy land were attired and singing carols. They were generally rewarded with refreshments with something to drink and hilariously good time was enjoyed.

The 30th of April was "Walbermas" about the time the snow began to leave. Companies of young people would scale the highest hills, make bonfires and with trumpets of goats' horns or wooden ones several feet long would make a huge noise a good part of the night.

As the winter days were short so the summer days were long, midnight being light enough to see to read. Flowers adorned the forests and dancing around a May-pole was a frequent and enjoyable amusement. Midsummer's day was observed with refreshments, a drink called "libunk," bread and strawberries with rich cream. A great deal of charcoal was burned those days and a watching pit was a task often assigned the boy who put in much time reading his step-father's testament, well worn but the sacred book nevertheless. Grain threshing was accomplished on a barn floor with flails, a long stick with a shorter one attached to it with a stout string. After the grain was well beaten out the straw was pitched aside with wooden forks and the grain separated with a home made riddle.

Hay making was tedious as the grass was thin on the ground. Grain sowing had to be done with fertilizers. The vegetables raised were potatoes, turnips, cabbage, rutabaga and carrots which had to be stored in cellars to keep from freezing.

Mr. Asplund's mother tried to rear him in the Christian faith as far as possible and let him a good example. The Lutheran was the state church and while the rules called for upright living, they were not enforced. A man could belong to the state church and at the same time swear, get drunk, dance, play cards and do about as he pleased. Sometimes good men would go from house to house selling good books and offering prayer when permitted.

There was once a boy who began Bible reading when the spirit of the Master seemed to descend upon him and he began a discourse so eloquent and earnest that all who heard him were deeply moved. He was sent for miles about till a priest hired in authority ordered the boy brought before him for transgressing the law. The sheriff went with him with handcuffs but the boy went promptly along and the handcuffs were not needed. The priest asked him what he was preaching and he replied the gospel of Our Lord Jesus Christ when the priest said it was more than he dared do and asked the boy how he did it.

The boy took a Bible, chose a text and delivered such a sermon that even the priest was moved to tears and the whole family and the servants came in to hear the stranger. Mr. Asplund was converted at the age of 14 and at once did all he could for the

spiritual welfare of those about him, sometimes meeting ridicule, sometimes indifference and sometimes a respectful hearing and the seed he sowed brought forth good fruit.

The converts to the new faith, if so it may be called, were subjected to persecution the king was well disposed and generally freed all who were brought before him. At one time a detective told a sheriff he could lead him to a meeting of Separatists but somehow they entered a place where drinking and carousing were going on. The sheriff asked him what that meant and the detective told him it was a mistake; there were genuine Lutherans. At another time, during a meeting, the officers attacked the place. The people instantly put out the lights and slipped out. The officials rushed in and not being able to distinguish any one, began fighting each other and finally emerged with bloody noses and battered countenances. Laws were changed in later years and there was greater toleration.

The boy's first Sunday school was taught by a young lady, very devoted and capable, who used to go from house to house where she could collect a number of children, and teach them songs and scripture. In 1867 he started a Sunday school in a place called Sureruk. Mrs. Peter Smith of Little Indian and August Hagerstrom of Beardstown were among the pupils. He also met three old men who claimed they had belonged to his school in the native land. There were also organizations for sewing articles to be sold mission work and the like, all growing out of the good gospel seed sown by faithful workers.

Finally reports of the wonderful land across the seas began to be heard; the wonderful opportunities; cheap land and a thousand and one attractions. In 1860 and 1861 many young men from Sweden came over and many of them entered the Union army making good soldiers. The boy and the country was with Lincoln and the Union cause and there were two men who each took a weekly paper and on their arrival throngs would gather to hear the news, happy if it favored the union and sad if otherwise.

The young man had learned to make all sorts of tools for himself and to make wagons and many other things including a turning lathe. Finally he had a sale of all his possession except clothes and gathered enough money to buy a ticket to Chicago. The party boarded a small steamer at Gotenburg, went to Hull, England, and transferred to the steamer "Peruvian" in May, 1868. They came by way of Quebec. Arriving in Chicago they could find no work so went to Peoria where he found a job with the gas company.

He was adverse to drinking and had few favorites, as most of the people drank beer, wine or other intoxicants. Sunday was a lonely time. He found some Swede boys and they wanted him to drink but he refused and went away with bitter tears over his loneliness.

Going on he stumbled into an Episcopalian Sunday school where he was treated very kindly. That evening he saw a man walking along with a big box on his shoulder who set down his box and began preaching. That man was Richard Reynolds, so useful in Chicago school work. He next found work on a railroad twenty miles from Peoria. One day an old man was sunstruck. Young Asplund took him to a hotel and paid his way three days. The man was a Christian and it was found he had money so the hotel fare was refunded. That was campaign year and he well remembered shouting for Grant and Colfax, Seymour and Blair.

In October, 1868 he went to Virginia worked on the P. P. & J. road a while and then went to work for a farmer named Smith near Zion church. Richard Mills, the well known attorney in after years, was a young school teacher in the neighborhood. In a large shanty were seventy-five Irishmen and twenty-five Germans and Swedes. One morning all was in confusion, the place wrecked and a man, a French-Canadian, standing on a box with a rope about his neck about to be lynched for alleged theft but before they kicked out the box they found the money.

The following March he went to Little Indian and hired to William Stevenson for \$1.75 a day. Billy Beadles moved from Princeton to Little Indian that spring. He was the telegraph operator. Then the young man rented the blacksmith shop, boarded a while with Jerry Wright and later rented a room and did his own cooking himself. He allied with the forces of Zion church, attended Sunday school and has never been a force for good. William J. Rutledge was preacher those days and the young man saw Peter Cartwright before the death of the great pioneer. The Methodist preacher at Virginia then received \$100 a year.

John Montgomery was teacher of the Indian school which Mr. Asplund belonged to but all the teacher did was to ask the questions in the question book and the class would read the answers. The boys and girls came to church and Sunday school barefooted. There was quite a strife between the Methodists and Presbyterians, Harvey Bates leading the forces of the former and Uncle Jake Bergen the later and sometimes debates grew hot even to threatened bodily injury.

May 9, 1872 Mr. Asplund was married to Clara Johnson and their home life has been ever one where love and devotion have reigned and their five children have risen up to all the blessed and good that such a good raising. All have flown from the parents nest and are pursuing honorable careers. Arndt is in Folsom, Colorado; Rupert holds a high position in the state educational

circles of New Mexico; Theodore is in Los Angeles; Esther is happily married to Frank Rucker and lives in Independence, Mo., and Jasper is a worthy citizen of Jacksonville.

Special Sale of Men's Silk and Fancy Hosiery at greatly reduced prices. Socks formerly sold for \$1.50 now 98c; \$1.25 now 88c; \$1.00 now 68c. FRANK BYRNS Hat Store.

LITERBERRY

CHIEF KILORAN RETURNS HOME

Frank D. Kiloran, chief of police, has returned home from a vacation stay. He visited relatives in Chicago and other places and reports a fine time.

The NuBone Corset Stay in Action

This picture shows a section of corset with cloth cut away to show the action of the NuBone Stay. NuBone Stay is the only woven wire stay in existence. It bends as easily as flat wire. It lies flat always, even when in an extreme bending position. Guaranteed to give full support to any figure. A post card or phone call will bring an expert corsetier to show you this wonderful stay and all the other exclusive points of NuBone Corset superiority. There is no obligation attached.

No Sugar

Required in Jiffy-Jell Fruit Desserts

Sugar is scarce and high, yet now is the time for rich, fruity desserts.

The solution is Jiffy-Jell. Serve it alone with its real-fruit flavors, or mix in fresh fruit if you wish.

Jiffy-Jell comes ready-sweetened. It comes acidulated with lemon or grape acid. Simply add boiling water, as per directions, and let cool. Then you have a fruit dessert rich in real-fruit essence.

Jiffy-Jell flavors are not artificial. They are condensed fruit juices in liquid form, in bottles. There's a vial in each package.

They are rich in fruit, for much ripe fruit-juice is condensed to flavor each dessert.

Mix in fresh fruit if you wish, but Jiffy-Jell itself has fruit essence in abundance.

To make salad jelly, use lime-fruit flavor, tart and green.

Use mint for mint-jelly to be served with meats.

These are delicious summer dainties, and the sugar is already there.

10 Flavors in Glass A Bottle in each Package

Mint Lime Cherry Raspberry Loganberry Strawberry Pineapple Orange Lemon Coffee

Teaspoon Size

Wm. Rogers & Son AA

New-style dessert spoon, Wm. Rogers & Son AA silverplate, guaranteed 20 years. Contains no advertising. Send two trade-marks and 10 cents for first spoon, then we will offer you balance of the set.

**PUBLIC SALE
OF VALUABLE
FARM LANDS**

The undersigned, The Farmers
State Bank and Trust company, as
trustee for John E. Rolfs, et al.,
will sell on
Saturday, Aug. 7, 1920,
at 2 p. m., at the south door of
Chapin State Bank, Chapin, Illi-
nois, to the highest and best bid-
der for cash, Morgan county
farm lands described as follows:
The west half of the northeast
quarter, and the northwest quar-
ter of the southeast quarter of
section thirty (30) in township
sixteen (16) north, range twelve
(12) west of the third principal
meridian in Morgan county, Illi-
nois, containing one hundred and
twenty (22) acres, more or less.
Said lands were owned by John
Rolfs, deceased, at the time of his
death, and are located about 5
miles southeast of Meredosia, Ill.
Purchaser to pay taxes for 1920
payable in 1921.
Possession of the lands will be
given March first, 1921, the rents
for 1920 being reserved from the
sale. Purchaser may plow and
seed stubble land as soon as crops
are removed therefrom, subject to
the rights of the lessee of said
lands.

The Farmers State Bank and
Trust Company as trustee will sell
and convey the title it holds as
trustee as shown by the abstract
of title, which may be seen now
at its office.

**THE FARMERS STATE BANK
AND TRUST COMPANY**
As Trustee for John E. Rolfs,
et al.

HELP US GROW WATCH US GROW

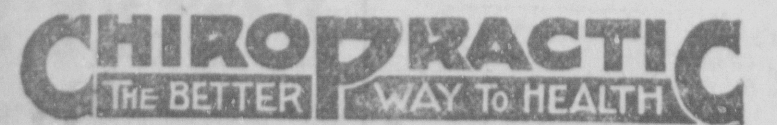

Your bodily and mental efficiency are important factors right now. It's no time to be sick. It's no time to allow your system to be drained of its vitality to such an extent that you can do only a part of the work demanded of you.

You can't be efficient if you are ill. So begin now to take steps to remove the cause that leads to these periods of intense suffering and accept the help of Chiropractic so you can be 100% efficient and vigorous.

Why Women Suffer

Most women suffer primarily from deranged function caused by spinal pressure on the nerves. This pressure shuts off, or obstructs, the life-giving nerve energy, and weakness and disease affect certain organs and tissues of the body. Chiropractic corrects these spinal defects, and thereby removes the cause of illness. Nature cures the effects and builds up the weakened and diseased organs. No drugs, no surgery are used.

is Nature's way. It is safe, sensible and sufficient as a national health method, and it has proven wonderfully effective in women's ailments. There is nothing in the chiropractic (Ki-ro-prak-tic) method that should prove the least embarrassing, investigate.

RIFLE GRENADE SETS NEW PACE RECORD

TOLEDO, O., July 13.—A new world's record for three year old pacing geldings was made at the Fort Miami track today when Rifle Grenade, carrying the colors of the Len McDonald stable, paced the first mile in 2:06 1/4, cutting a quarter second off the record held by Direct The Work, made at Lexington two years ago.

King Watts owned by George E. Dudley, of Youngstown, Ohio, won the Tecumseh 2:12 trot \$5,000 stake. Alta Donovan, the favorite, took third money.

In going away in the first heat Driver Hyde who was driving Eliza Dillon was thrown in a collision and slightly cut about the head. Calgary Earl won the 2:07 pace in straight heats while Charlie Red captured the 2:07 trot.

NOTICE

Having purchased the millinery business of Miss Martha Hoover, So. Side Square, I respectfully solicit a continuance of your patronage, assuring you of fair treatment at all times.

MRS. MARY COFFMAN
As I have sold my millinery business to Mrs. Mary Coffman I take this means of thanking my friends for past patronage and bespeak the same for my successor.

Those owing me are requested to call and settle at an early date.

MRS. MARTHA HOOVER

FROM STRAWN'S CROSSING

Mr. and Mrs. J. R. Wilson of Strawn's Crossing were down to the city yesterday. Mr. Wilson reports conditions generally favorable with him. Wheat will soon be ready to thresh; oats are showing up well and corn is promising. There is some fear of chinch bugs but so far they have done little damage. The hopes are now for rain to drown out the pests.

BOBBY JONES LEADS IN GOLF TOURNAMENT

Memphis, Tenn., July 13.—Bobby Jones of Atlanta made his bid for local medal score honors in the amateur championship tournament of the Western Golf association by completing the 36 holes qualifying match today with 139. "Chick" Evans, former national champion had 150.

Jones, who won the Southern Championship last week made today's 18 holes in seventy, one stroke above his mark yesterday when he established a new record for the local course.

Evans' score today was 77, four above his card yesterday.

SOME FISHERMEN.

Fred Moeller of Orleans, with M. F. Bennett and A. O. Swinger, passed thru the city yesterday with a very fishy smell about their automobile but all was explained when they said they were on their way home from the river where they had been fishing with pretty good luck.

Have Your Eyes Examined

EVERY TWO YEARS

By doing this and changing the lenses of your glasses, if examination proves it necessary, you will experience sight satisfaction to a ripe old age.

Consult us about your eyes. Glasses fitted at most reasonable prices.

LUCKY STRIKE CIGARETTE

IT is made from the finest tobacco—
toasted—not raw tobacco.

Our famous toasting process develops all the special and delightful Burley flavor (nothing like it) and "seals" it in. In this way you always have the flavor fresh when you light a Lucky Strike cigarette.

Until you try one you can have no idea what an unequalled flavor results. Remember—it's toasted.

LUCKY STRIKE PIPE TOBACCO

IT is made from the finest tobacco—
toasted—not raw tobacco.

Our famous toasting process develops all the special and delightful Burley flavor "seals" it in and takes out every bit of bite. This is the same toasting process that made Lucky Strike cigarette the greatest success in cigarette manufacturing.

Buy a tin today and try toasted tobacco in your pipe.
